Public Comment

- None

Motion to approve January Meeting Minutes made by Alliss Strogin, second by Matt Sturgeon approved by all.

Ben Nau

- Spill Reports
 - None
- 0 follow-up report(s) received
- We applied for supplemental 2016 HMEP funds for a confined space operations class and a planning project. We also submitted an application for the 2020 HMEP grant for a confined space technician level class and a hazmat safety officer class.

Tom Bartfai

- We are halfway through the hazmat tech class. The hazmat team should be at 25 when it is complete. We plan to work on typing near the end of summer, currently we are going through the equipment list to determine needs.

Once Around

Brent

- The Health Departments full scale pod exercise may be canceled due to COVID-19
- We may be doing a pod next week to hand out food at a drive through food bank at community center.
- HD situation report was sent around the room. Much of what is currently being done is pushing out information to partners. The Health Department is receiving lots of calls from businesses.
- Currently there are no positive cases in Medina County. We will be seeing a lot more cases in the near future.
- The Health Department DOC has been activated

Bob

- EOC's opened in a very limited capacity. Most health departments have been continuing to work out of their DOC. Ordered PPE is not being shipped, need to look at getting it through local vendors.

Christina

- We are using webEOC to share information with police, fire departments, health department, hospitals. Many events are being canceled. It's a learning process for jurisdictions to learn about SNS, it's not available to give supplies to departments for normal operations. Department's need to work with their vendors. Christina has spent a lot of time working out of the health department for better coordination. We may use CERT and COMMS Unit at the POD.
- We did not get any funding on homeland security grant this year, only typed teams were funded
- There was additional general group discussion about COVID-19

Sheriff Miller

- Jail population is currently 246, they will be shutting down visitation today
- Supply issue is also affecting jail
- Discussion about adding additional dispatchers to handle increased call volume

Adjourn at 0915 Motion made by Julio Esis, second by Alliss Strogin
