The Medina County LEPC Meeting was called to order at 8:33am.

A motion to approve the January 24, 2008 meeting minutes was made by Ed Schneider, seconded by Don Stewart and unanimously approved by all.

Old Business

Shandra is still working on the Debris Management Plan. We are still discussing the pit burning/air curtain process, (put in plan or not), Buck=yes, EPA=no. If it stays in the plan, permits need to be acquired and locations need to be verified.

Hospital Information

Jim Bigam inquired about the Summit County exercise in July (Regional NECO) that will be testing communications, surge capacity with hospitals, and EMA's ability to function within the system. Buck states that this is really a drill and it will not satisfy any EMA requirements.

New Business

We need additional LEPC members to run EOC for training.

Chamber of Commerce presentation went well.

Bill Herthneck is working on Mobile Command digital phones and the EMA web-site.

EMA field liaison Vicki Bunting has concurred with the exercise. Objective #3 has issues with IC, and corrective actions were put into place during the incident.

Reggie Brown, from the EPA, is presenting the Painesville Train Derailment.

The meeting was adjourned at 9:49am.

The meeting after May 22nd will be on July 24th.
